

Regular Infant Formulas: Medi-Cal Non-Benefit Status-TAR2 September 2007

Regular infant formula is **NOT** a benefit of the CCS Program. These formulas are designed to meet normal nutrient needs and are considered “regular” food. **The following formulas are “regular” infant formulas which are not covered by CCS.** Regular infant formulas highlighted in green can be obtained from the California Women, Infants and Children (WIC) Program. **Refer CCS clients to WIC, when appropriate.**
